

Guide to use the Email Reminder Center

Note: The number from which the employee will receive the text message is 951-636-5496

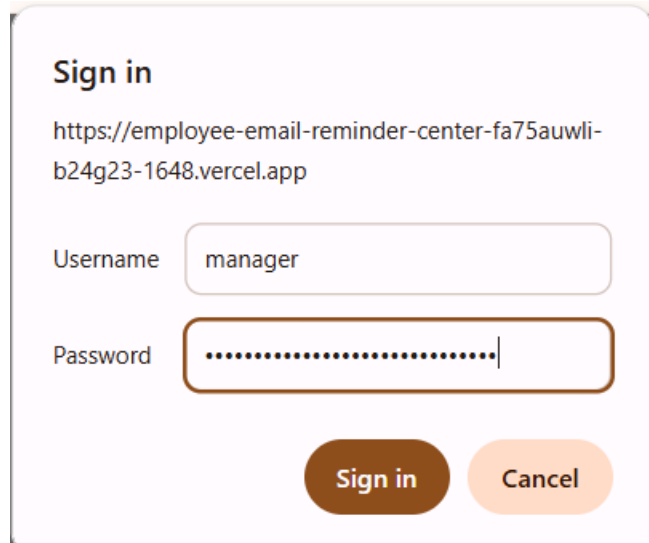

The email would be from the respective email that is currently opened in the browser in which this application is being used.

The link for the employee email reminder center - <https://employee-email-reminder-center.vercel.app/>

1. The Employee Email Reminder Center has additional password protection so when clicked it shows up like below

The username – manager

The password – successonthespectrumadmin@2026

The screenshot shows a 'Sign in' form with the following elements:

- Sign in** (Section Header)
- URL: <https://employee-email-reminder-center-fa75auwli-b24g23-1648.vercel.app>
- Username** field: Contains the text 'manager'.
- Password** field: Contains a series of dots representing a masked password.
- Sign in** button (Dark blue).
- Cancel** button (Light blue).

2. The reminder center is as shown

SOS Employee Reminder Center
SUCCESS ON THE SPECTRUM

Review outstanding documentation and send personalized email or SMS reminders.

Contacts come directly from the uploaded Excel workbook. Email opens a prepared Gmail draft. SMS sends through Twilio after confirmation. The existing employee matching and recipient workflow remains unchanged.

Analyze employee reminders

Unfiltered appointments CSV

No file chosen

Converted, cancelled, deleted, and non-convertible rows are removed automatically.

☐ **Save this employee workbook in this browser**
Saving is off until selected. When saving, choose Slot 1 or Slot 2 so the other location's workbook stays unchanged.

Employee contacts Excel

No file chosen

No workbook is saved. Upload one, then select "Save" if you want to keep it.

☐ **Analyze with Saved Excel 1 Empty**

☐ **Analyze with Saved Excel 2 Empty**

3. The steps to use the email reminder center are as below:
 - a. Step1: Select the CSV file which has been downloaded from Central Reach and then upload it in the unfiltered appointments section as shown below

Analyze employee reminders

Unfiltered appointments CSV

No file chosen

Converted, cancelled, deleted, and non-convertible rows are removed automatically.

☐ **Save this employee workbook in this browser**
Saving is off until selected. When saving, choose Slot 1 or Slot 2 so the other location's workbook stays unchanged.

Employee contacts Excel

No file chosen

No workbook is saved. Upload one, then select "Save" if you want to keep it.

☐ **Analyze with Saved Excel 1 Empty**

☐ **Analyze with Saved Excel 2 Empty**

- b. Step2: Now select the employee contact excel sheet which is provided in your respective drives

Analyze employee reminders

Unfiltered appointments CSV

No file chosen

Converted, cancelled, deleted, and non-convertible rows are removed automatically.

☐ **Save this employee workbook in this browser**

Saving is off until selected. When saving, choose Slot 1 or Slot 2 so the other location's workbook stays unchanged.

☐ **Analyze with Saved Excel 1**
Empty

☐ **Analyze with Saved Excel 2**
Empty

- c. Step3: Optional if the excel sheet is already provided then you can use that directly without having to reupload the employees contact sheet and remember that the csv file needs to be uploaded everytime but not the employee contact sheet

Analyze employee reminders

Unfiltered appointments CSV

No file chosen

Converted, cancelled, deleted, and non-convertible rows are removed automatically.

☐ **Save this employee workbook in this browser**

Saving is off until selected. When saving, choose Slot 1 or Slot 2 so the other location's workbook stays unchanged.

Employee contacts Excel

No file chosen

No workbook is saved. Upload one, then select "Save" if you want to keep it.

☐ **Analyze with Saved Excel 1**
Empty

☐ **Analyze with Saved Excel 2**
Empty

- d. Step 4: Now you can select the save employee workbook to save it in the respective spots for the different excel sheets. You would need to select which slot the respective excel sheet workbook is going to be replaced or save and below is the complete form after filling all the details then click on Analyze the files.

Employee Reminder Center

Review outstanding documentation and send personalized email or SMS reminders.

Contacts come directly from the uploaded Excel workbook. Email opens a prepared Gmail draft. SMS sends through Twilio after confirmation. The existing employee matching and recipient workflow remains unchanged.

Converted, cancelled, deleted, and non-convertible rows are removed automatically.

Employee contacts Excel

Livingston Clients Parent C...yee Contact (1) - Copy.xlsx

No workbook is saved. Upload one, then select "Save" if you want to keep it.

☐ **Analyze with Saved Excel 1**
Empty

☐ **Analyze with Saved Excel 2**
Empty

☒ **Save this employee workbook in this browser**

Choose which saved Excel workbook to replace

☒ **Replace Saved Excel 1**
Empty slot

☐ **Replace Saved Excel 2**
Empty slot

Saving is off until selected. When saving, choose Slot 1 or Slot 2 so the other location's workbook stays unchanged.

e. Now below is the view after analyzing the files

Unconverted appointments

17

0 already converted rows excluded

Employees

3

Ready to email / SMS

0 / 0

0 people selected

Choose everyone or only the employees you want to contact.

Text eligible employees

0 matched employees have a valid phone number from the uploaded workbook.

No message is sent until you confirm. Rows without a valid phone number are skipped.

☒ **Automated missing-documentation reminder**

☐ **Custom one-time message**

Custom message

Example: Today is a holiday. The center will reopen tomorrow.

This text is sent only when "Custom one-time message" is selected. 0/1000 characters.

Now you can select the Open All in Gmail or send a custom one time message as well and send sms
